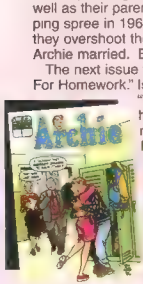
EDITOR'S NOTEBOOK

Dear Archie Readers,

Did you ever think about what it would be like to go back, or forward, in time? Imagine being able to go back even a few days. You could study a little harder for that math test you flunked. In fact, you'd know exactly what was on the test because you had taken it! Or you could go into the future and find out how successful you've become. Maybe because you did so well on that math test when you were a kid! In any event, it's my job to show what's in your future for next month. First on the list is BETTY & VERONICA SPECTACULAR #53. In a story called "It's About Time," Betty and Veronica accidentally go on a trip through time, courtesy of Dilton Doiley's time machine. They see themselves, as well as their parents, at younger ages. However, when Veronica stays behind to go on a shopping spree in 1967, Dilton, Betty and Brigitte have to go back to rescue her. On their return, they overshoot the present into the future. The girls now have an opportunity to find who Archie married. But do they really want to know? How about you?

The next issue that's in your future is ARCHIE #520. You're sure to love the story "Hooray For Homework." Isn't that what you say every day when you come home from school? The question is, "Why would Archie say that?" In this story, Archie is overwhelmed with too much homework. He has to finish all of it in time for school the next day and is desperately in need of help. When you see the help he gets, you'll know why he says "Hooray For Homework"!



A special guest star is definitely in the future for SABRINA #30. The Jaguar from The Mighty Crusaders is back after his appearances in Archie's Weird Mysteries #3 and #14. Only this time he's a villain? It seems that the Jaguar is doing the bidding of the evil Rememberer. He's using the Jaguar's ability to communicate with all wildlife to create an army of animals as a shield for those who oppose him. Sabrina and Salem are asked by their South American friend Llandra to come to the jungle and help to defeat this super villain. It's the wackiest, wildest, weirdest story. Don't miss "It's the JAG."
